Daughter's Facebook post botches dad's \$80,000 settlement deal

A former Florida prep school headmaster was set to receive an \$80,000 settlement after suing his former school, but his daughter ruined the deal by blabbing it about on Facebook.

Dear :

As you may know, the Office of Personnel Management (OPM) was the target of a malicious cyber intrusion carried out against the U.S. Government, which resulted in the theft of background investigation records. Most of the individuals whose information was stolen previously provided information for a background investigation or were listed on a background investigation form by a spouse or co-habitant.
